

1:21 USB Flash Drive Copy Cruiser™ USB Flash Drive Duplicator (Part #330104)

The innovative new Aleratec 1:21 USB Flash Drive Copy Cruiser™ duplicates up to 21 USB Flash Drives at once. The 1:21 USB Flash Drive Copy Cruiser is a simple, fully integrated unit that connects to your PC with only one USB Cable. The Aleratec USB Duplication Software Suite is a robust, full featured package with a job wizard that guides you in selecting parameters and functions such as Copy Only, Format Only, Format and Copy, Image Copy, Format and Image Copy and allows you to select the number of copies needed. It has a File Copy option where you can select down to the file level for copying from available folders. During a copy job the software displays the number of copies completed successfully.

Software Functions:

Copy - The Copy function duplicates the source to the selected target USB Flash drives

Verify - Examines if the target USB Flash Drives can be read correctly after copying

Copy and Verify - This combines both the Copy function and the Verify function together so after copying verify will automatically start

Format - Formats the USB Flash drives

Format, Copy and Verify - Combines all three functions together. After Formatting, Copy will automatically start and then verification that the target USB Flash drives can be read correctly will automatically start after the copy process completes

Image Copy - Copy from Image file to target USB Flash drives

Image Copy and Verify - This combines both the Image Copy and Verify functions together same as Copy and Verify

Format, Image Copy and Verify - This combines the three functions together same as Format, Copy and Verify

Create Image - This function allows user to create image file from any USB Flash drive for use with Image Copy

- Duplicate 21 USB Flash Drives simultaneously
- Powerful Aleratec USB Duplication Software Suite
- PC Connected
