

The Difference is Innovation

4/17/06

To Whom It May Concern:

This letter was drafted to address concerns regarding MAM-A Inc. optical disc products and their compliance with RoHS (Restriction of the use of certain Hazardous Substances) in Electrical & Electronic Equipment (EEE) and Waste Electrical & Electronic Equipment (WEEE) legislation, (Directives 2002/95/EC & 2002/96/EC). This legislation from the European Union is designed to control the use and disposal of hazardous materials, specifically the items listed below.

MAM-A Inc. products do not contain the following substances:

- *Cadmium and Cadmium compounds
- *Hexavalent Chromium compounds
- *Lead and Lead compounds
- *Mercury and Mercury compounds
- *Polybrominated Biphenyls
- *Polybrominated Diphenyl ethers

NOTE:

Directive 2002/95/EC defines “electrical and electronic equipment” or “EEE” as “equipment, which is dependent on electric currents or electro-magnetic fields in order to work properly”. MAM-A products do not fall within the scope of these directives.
