

The Digital Media Revolution

SD Duplicator

USB Duplicator

Duplicators Designed for Today's Technology

The new SD and USB Duplicators conveniently copies the most popular digital media formats, Secure Digital and portable USB storage drives, without computer. Advanced asynchronous duplication means no waiting and no interruption as each channel can independently load, unload, and copy. The new SD and USB Duplicators also features user friendly 4-key control with LCD, high speed duplication and bit-by-bit Compare function to confirm successful copies. Reliable, affordable, and convenient, the SD and USB Duplicators are the best companion for any industry.

Features

- Standalone turnkey system; no computer required.
- No warm-up and cool-down
- User friendly interface and simple operation
- Real-time display of detailed information on bright LCD screen
