

2000i

The Rimage 2000i— Simple, powerful, and affordable

As easy as 1-2-3, open the box, plug in the cables, turn on the power. No assembly. No printer to mount or alignments to make. You can put a low cost, high quality desktop CD/DVD publishing solution to work in a matter of minutes. The Rimage 2000i offers Rimage quality in an easy-to-use, affordable, fully contained system.

The sleek, ultra contemporary Rimage 2000i is the most efficient desktop CD/DVD publisher available today. Rimage's optimized 2-to-1 recorder-to-printer ratio eliminates production bottlenecks and maximizes efficiency. Our patented data-streaming technology smoothly transmits data to the recorder so you get more done in less time. The LCD communicates system status information so you're free to focus on your work. From the instant you open the box to the end of every job, you can count on the Rimage 2000i for extraordinary ease-of-use and industry-leading efficiency.

LOW COST OF OPERATION

Speed, reliability, and a large 100 disc input bin—combined with an innovative ink management system—make the Rimage 2000i the leader in price and performance.

Superior printing capability

It's fast, affordable, and easy-to-use. But what really makes the Rimage 2000i printer so powerful is the HP-enabled thermal inkjet technology. The Rimage 2000i offers unsurpassed ink control and superb color management. HP's unique PhotoREt IV color-layering and ColorSmart III color optimization technology create realistic photo images, vivid color output, and extremely sharp text for quality label printing—directly on your disc.

The Rimage 2000i includes —Rimage's 480i desktop printer with unique HP technology offers a greater range of colors, lighter tones, and smoother gradations between tones without scratching or smudging— flawless disc printing every time.

Support plans — Rimage's superior solutions are backed by superior service. Rimage offers 24-hour online and telephone technical support.

A simple, complete solution

Leading-edge software and advanced robotics—Powerful, flexible, and scalable software for individuals, workgroups and large enterprise applications. Robotics automate and accelerate the entire disc publishing process.

Up-to-the-minute activity status—Rimage 2000i's sleek, integrated design includes an LCD display for system status notification.

Rimage 2000i
